

QT™ MINI FACELIFT

Patient received QT™ Mini Face and Neck lift, seen 3 months post-surgery.

**Quick Time Recovery
Low Downtime
Less Bruising & Swelling**

See why patients have voted Louis DeJoseph, MD or "Dr. D", the Best Facial Plastic Surgeon in Atlanta by Jezebel Magazine for 2018!

The QT™ Mini Facelift was developed by Louis DeJoseph, MD at Premier Image Cosmetic & Laser Surgery and is the most requested procedure for people not quite ready for a full facelift or those who just can't afford much time away from their busy schedules, but desire a fresh, rejuvenated appearance.

Because smaller and fewer incisions are made, bruising and swelling are greatly reduced. Patients are able to return to work or social functions in as little as five to eight days.

Dr. Louis DeJoseph is triple board certified by the American Board of Facial Plastic & Reconstructive Surgery, the American Board of Otolaryngology/Head & Neck Surgery, and by the American Board of Laser Surgery.

"You are not just an amazingly talented surgeon, you are a humble, kind, and sweet person. Thank you for your kindness, and for the time you have taken with me to explain the procedure, answer my questions, and for everything else."

Call 1.888.455.FACE today to schedule a private consultation with Dr. Louis DeJoseph at Premier Image Cosmetic & Laser Surgery.
